📁 EMPLOYMENT HISTORY

Lead Frontend Engineer at Brixo AB, Stockholm, Sweden

May 2023 – Present

- As a Lead Frontend Engineer, my responsibilities encompass driving the technical direction and overseeing the development of innovative and user-friendly web applications.
- I excel in creating efficient and scalable code, optimizing performance, and ensuring cross-browser compatibility. With a strong command of HTML, CSS, and JavaScript frameworks.
- I lead and mentor a team of frontend developers, fostering collaboration and delivering high-quality code.
- I stay updated with industry best practices and emerging technologies, implementing them to enhance user experience and deliver robust solutions. Through effective communication and collaboration with designers and backend engineers, I consistently deliver exceptional products that exceed client expectations.

Technical Lead at HCL Malaysia SDN BHD , Kuala Lumpur, Malaysia

January 2022 – Feb 2023

- Conducting 1-on-1s on a regular basis and providing feedback for the team. Constantly mentoring and developing team members to be a better version of themselves.
- Building the team Roadmap and translating it into engineering goals for the team and communicating with the stakeholders. Delivering features for the business by closely working with the PMs, QA, and Design.
- Anticipating, Flagging, and resolving blockers within and outside the team.
- Proactively hiring balanced talent.
- Delivered an agent portal consisting of several web pages designed in AEM SPA Angular, HTML, CSS, tailwind. Here's the link

(<https://www.greateasternfa.com.sg/adviser/chuayixiang>)
